Title

Authors should document their use of AI, including the name of the AI Tool used, the purpose of the use, and the extent of their oversight.

AI use in the research process should be declared and described in detail in the methods section.

Statement:

During the preparation of this work the author(s) used [NAME TOOL / SERVICE] in order to [REASON]. After using this tool/service, the author(s) reviewed and edited the content as needed and take(s) full responsibility for the content of the publication.

This declaration does not apply to the use of basic tools for checking grammar, spelling, references, etc. If there is nothing to disclose, there is no need to add a statement.

We do not permit the use of Generative AI or AI-assisted tools to create or alter images in submitted manuscripts.

The statement will appear in the published work and should be placed in a new section before the references list.
