Dear Readers and Authors of Journal ACCESS!

This is the first issue of the journal "ACCESS: Access to science, business, innovation in digital economy" for the calendar year 2021! On behalf of the Editorial Board and the Scientific Council of the journal, I wish you a healthy, peaceful, controversial and creative year 2021!

Happy New Year!

In modern conditions of coronavirus pandemic, instability, systematic crises and significant turbulence, the modern world is experiencing global transformations. The problem of developing methods and technologies for analysis, modeling, management, forecasting and decision making for stable development of viable socioeconomic systems has become the most important.

The New Year is a time for looking back and for looking forward.

Access to science, business, innovation in digital economy is already included in The National Reference List (NRL) of contemporary Bulgarian scientific publications with scientific review, maintained by the Minister of Education and Science through the National Center for Information and Documentation; Google Scholar; EconPapers/ RePEc (Research Papers in Economics); eLibrary; ESJI, EuroPub, Index Copernicus International; Polska Bibliografia Naukowa - portal of the Polish Ministry of Science and Higher Education, CiteFactor, Scilit, InfobaseIndex.

We are glad that our journal has become a platform for international cooperation of scientists from Europe and Asia. The magazine has published 38 authors from 25 organizations from Bulgaria, Georgia, Kazakhstan, Latvia, Nepal, Norway, Poland, Russian Federation, Ukraine, Yemen.

Receiving such recognition is unthinkable without the dedicated work of the journal's team and all its supporters and friends.

I'd like to thank the authors who present scientific articles of both theoretical and empirical content, representing scientific and practical interest in all areas of economic science.

I am grateful to the members of the editorial board for their undeniable competence, commitment and gratuitous work to create and promote a network of scientific communities in the profile of the journal and to promote research!

I am also grateful to the reviewers for the analytical and well-intentioned motivating reviews!

Wishing you, your families and friends the very best in the coming year!

Have a fruitful, healthy and happy 2021!
